PROFESSIONAL SUMMARY

Strategy, Operations, and Corporate Development professional with 10+ years of experience across tech, market expansion, business operations, and data-driven decision-making. Former Chief of Staff to the CEO at Blind, supporting U.S. and India growth initiatives, KPI reporting, investor-facing materials, and new business strategy for a 12M+ verified-user professional community. Currently pursuing an M.S. in Applied Business Analytics at Boston University, with a focus on analytics, forecasting, and data-driven strategy.

PROFESSIONAL EXPERIENCE

Chief of Staff to the CEO, Business Strategy & Corporate Development

Teamblind | San Francisco, CA | Nov 2019 – Dec 2025

(Anonymous professional community platform with 12M+ verified users)

- Served as a strategic partner to the CEO, supporting business planning, growth operations, corporate strategy, and cross-functional execution for U.S. and India expansion initiatives.
- Drove data-informed growth strategy by analyzing sign-up, activation, engagement, and content performance trends to identify friction points and prioritize business opportunities.
- Designed KPI frameworks and monthly business review cadences to help leadership track user growth, engagement, market expansion, and operational performance.
- Supported corporate development and investor-facing initiatives by preparing market expansion analysis, strategic reports, and fundraising materials, including support for Blind's \$37M Series C fundraise.
- Partnered with Product, Data, Growth, and Community teams to define business questions, align stakeholders, and translate insights into experiments or operational action plans.
- Developed market and audience segmentation by geography, role, and content category to inform localization, go-to-market planning, and product prioritization.
- Built and standardized dashboards and recurring reports using SQL, Superset, and Google Sheets, improving visibility into funnel conversion and engagement trends.
- Led India expansion analytics and reporting, contributing to a 15% increase in registered users within six months.

Business Manager

Edenchain | Seoul, Korea | Jul 2018 – Nov 2019

- Developed go-to-market and business development strategies for blockchain products through market research, competitive analysis, and global trend monitoring.
- Supported business development and corporate strategy activities by managing investor,

ecosystem partner, and external stakeholder communications related to token utility adoption and network growth.

- Worked with the CEO and COO to evaluate dApp use cases, assess business feasibility, and shape product and partnership priorities.
- Built and managed 50+ strategic partnerships across Asia, Europe, and North America to expand market visibility, ecosystem engagement, and business development opportunities.

Consultant, Overseas Market (Contract)

PR ACT | Seoul, Korea | Mar 2017 – Mar 2018

- Advised Korean media and content clients on overseas market entry by conducting market research, localization assessments, audience fit analysis, and commercial opportunity mapping.
- Managed cross-border partnership and promotional projects with academic and government institutions, coordinating budgets, timelines, stakeholder communications, and execution plans.

Assistant Manager, International Sales & Marketing

Sollae Systems | Incheon, Korea | Dec 2015 – Jan 2017

- Managed distributor and reseller relationships across North America, Europe, and Asia to support international sales and market expansion for industrial IoT devices.
- Executed global marketing initiatives, including trade shows, sales collateral, newsletters, product manuals, and video content for technical audiences.
